The American Drama.

It has been prophesied that in course of time America will evelve the finest drammists than the world has ever even. There are several reasons for this prediction, and very speed ones they are. The first is that we have an immense wealth of dramatic material. We have within our borders and in our history more picture-que elements of the drama than any other nation ever had We have all the Indian wars of the seven seenth and eighteenth centuries, and allthe colonial life of the South, of New-England, of New York, and of Pennsylva-Without pretending to knowledge of all mis, to draw upon for historical dramas. the reasons which have actuated our State. A Concession in the Richards Case unicially Announced.

A very enterfactory condition has been reached in what is known as the Bichards case, which threatened to affect the relitions between the United States and the Government of Guatemala. Dr. W. rey Uniter, the United States Minister a Guarginals, telegraphed the Sista De-partment restorday that the Government here had consented that Mr. Richards hould be permitted to return to the for or the Republic. The rights passened by Mr. Richards before his expulsion from contemple have not been resoured to him. and the action of Gual male in permitting

Mr. Richards, a Kentuckian, had large superry interests in Gustemala, principally a union. It is alleged that he was un-actly deprived of his holdings by the involugation of the case and report to the State Department, before which Mr. Rich-ords had alled a claim for indemnity against reputs who have the hark at 10 mis tavis to in Guitemain. Dr. Hunter sem a report which the man who "agreemed the force" that helded the arrender of Scot are after all the uploing which had up to 11 mas over in more at all and the taken and past. In more at all and the taken and past. red to make a fuller and clearer laves-Since then be has been very

ctive in the matter. As It Might Have Been.

(From the Pall Mail Graphs.) Cut like a knife through the waves and the

the the livest light or be rightly Minetically.

Speed like the breast and some compact borne.

Then where Sir Thomas shall sele on to most off all see drain the Ameria Copi.
